N

 Melamine Series

TRUE+ Panels combine top craftsmanship with strict quality control, inspired by Keding's rare veneer archive. The unique woodgrain design reveals layered, radiant detail. With a full matte finish, rich tones, and consistent quality, they bring elegance and refined brilliance to every space.

- ♦ Eco-Friendly & Safe

P

C

N

Low formaldehyde, odor-free, and non-toxic. Creates a healthy, comfortable living environment for peace of mind.
- ♦ Stain & Scratch Resistant

P

C

N

Durable coating resists stains, scratches, and mild chemicals. A quick wipe keeps TRUE+ Panels clean and fresh.
- ♦ Waterproof & Durable

P

C

Resists moisture and corrosion to prevent mold or warping. Ideal for bathroom dry areas, kitchens, and balconies.
- ♦ High Value Selection

C

N

Delivers natural texture and reliable performance, providing an elegant and cost-effective alternative to wood or stone.
- ♦ Matte Texture & Real Feel

C

N

Fine woodgrains with natural depth. The matte surface reduces glare and fingerprints, creating a calm, refined space.
- ♦ Synchronized Embossing

N

Perfect visual and tactile alignment recreates real wood texture, rich, natural, and full of warmth.

Surface Material Comparison

Item	PP Series P	PVC Series C	Melamine Series N
Key Features	Formaldehyde-free PP with odorless, eco-safe surface. Easy to clean and maintain. Recommended Applications: Kids' rooms, wardrobes, clinics, schools	Moisture- and water-resistant with a soft matte finish that balances aesthetics with functionality. Recommended Applications: Bathroom dry areas, balconies, commercial areas	Scratch-resistant with realistic wood texture and synchronized embossing for a refined look and great value. Recommended Applications: Cabinets, doors, showcases, walls
